

Type	XBJ-6	XBJ-9	XBJ-12	XBJ15
The angle of milling	0-45°			
The thickness of being processed steel plate	6-50mm			
The max width of milling bevel edge at one time	12mm			
The traveling speed of crosswise milling	0.15-0.5m/min (max 3m/min)			
The rotational speed of milling and whittling spindle	75-420 rpm			
The working pressure the of hydraulic pressure system	≤3.5Mpa			
The number of the cylinders	8	11	15	19
Height between the platform and the ground	900mm			
The power of driving motor kw	1.5 or 2.2(配大动力头 equip big milling head)			
The power of milling motor kw	5.5	5.5	5.5	7.5
The power of oil pump motor	5.5	5.5	5.5	5.5
Dimension (L×W×H)	7724×2600×2050	10724×2600×2200	13724×2600×23	15724*2600*2400
